

FACT-MODULES

Base Product

FACT® MPO Fiber Panel Modules

- Offers the same craft-friendly interface for LC and SC connectors as the cabled module
- Allow installers to connect an MPO trunk cable to turn up services in rapid installation applications
- Modular design for maximum flexibility

FACT MPO modules enable technicians to route and install higher fiber counts faster and more easily, while simplifying inventory and ordering. The front interface for LC connectors is identical to the cabled module, while the rear integrates a low-loss MPO adaptor—enabling installers to quickly connect MPO trunk cables for rapid installation and turn-up.

This module also supports direct connection to electronics, fiber tie cables or top-of-rack systems such as CommScope’s Rapid panels or MFPS panel. The MPO module snaps into place within the FACT NG4 tray, and each FACT NG4 element supports up to two MPO modules. Standard available wiring methods are method A and Method B Enhanced.

Product Classification

Regional Availability	Asia EMEA Latin America North America
Portfolio	CommScope®
Product Type	Fiber module
Product Brand	FACT®
Product Series	FACT

General Specifications

Functionality	Breakout
Application	For Use with FACT NG4 Universal Chassis
Body Style	Left orientation Right orientation
Color, housing	Black
