

Rack Accessory EDGE™ Single Module Housing - Accepts one EDGE™ Module or Cassette

CORNING

Part Number: EDGE-SMH-XPDR

Corning EDGE™ single-module housing is a compact option for storage, protection and termination of optical fiber cables in applications with minimal mounting space. The housing accepts preterminated EDGE 12-fiber modules and offers protection for the fiber cable and connectors for indoor wall-mount installations. This compact unit is optimized for use in locations such as Box-in-a-Box applications, building entrances, terminals, wiring closets, open office and other areas where space is a premium.

The EDGE™ single-module housing expander is added onto the single-module housing and allows for the addition of one module or cassette per expander. This allows the expansion of the original housing to accommodate up to 4 modules or cassettes when 3 EDGE-SMH-XPDR are added to the EDGE-SMH-SPLC housing.

Features and Benefits

Mesh Module Compatible

Mesh various classifications together under one cable sheath allowing break outs of various classification from one module

Small Form Factor

Fits in space constrained spaces. E.g. under floors, desks, box-in-a box

Expandable up to 4x

Fits up to 4 – Mesh Modules, EDGE Modules, Tap Modules, EDGE cassettes, pass through cassettes

Surface Mount

Mounts to various surfaces

Jumper Side Accessible

Jumpers on front side are accessible in 4x configuration

Rack Accessory EDGE™ Single Module Housing - Accepts one EDGE™ Module or Cassette

Specifications

General Specifications	
Product Type	Fiber Optic Hardware
Access Type	Rear access fixed
Environment	Indoor
Mounting Type	Wall-Mountable, Floor-mount
Application	Enterprise Networks, Local Area Network (LAN)

Standards	
RoHS	Free of hazardous substances according to RoHS 2011/65/EU

Design	
Lockable	No
Housing Type	Pretium EDGE®
Color	Black

Rack Accessory EDGE™ Single Module Housing - Accepts one EDGE™ Module or Cassette
